We wish to again call your attention to the fact that we specialize in the growing of APPLE SEEDLINGS and for this reason we are in a position to take care of your APPLE SEEDLING order to your entire satisfaction, always bear in mind that your order must be fully up to your expectations as to Quality, Grade and in every other way, if they are not all you need do is notify us, as we also specialize in SATISFACTION GUARANTEED.

We are always pleased to refer you to some one in your part of the country who has been using our SEEDLINGS so that you may write them direct and find out just the kind of stocks that we send out and our manner of doing business.

We are still of the opinion that the late dug, well ripened, carefully handled seedlings that we have been shipping out has to a great extent been responsible for the large number of letters that we have received telling us that our seedlings were fine.
